

**MAXHAM ROAD
SAFETY & OPERATIONAL IMPROVEMENTS
Project No. D6150**

- BACKGROUND:** The purpose of this project is to provide safety enhancements and operational improvements that will provide for better traffic flow on Maxham Road.
- PROJECT LIMITS:** The limits of the Maxham Road project are from Old Alabama Road to Veterans Memorial Highway in Cobb County. Once completed, the entire project will have continuous sidewalk along the west side of the road.
- PROJECT LENGTH:** Project length is approximately 1.01 miles.
- PROJECT SCOPE:** The project consists of widening the existing roadway to accommodate 4 -11' lanes with a 20' raised median. U-turn lanes will also be provided at key median breaks. Curb and gutter will be added along the entire length and sidewalk will be introduced along the west side. The alignment will be adjusted to improve any horizontal and vertical curvature deficiencies. The existing bridge over Buttermilk Creek will be widened to accommodate the extra roadway width and sidewalk.
- PROJECT SCHEDULE:** Right-of-way acquisition will begin in Fall of 2007. It is estimated construction will begin in mid 2008.

This project is funded by the 2005 SPLOST (Special Purpose Local Option Sales Tax).
